9003302540 | github.com/Divyasreethirumalai | sreeit123@gmail.com | linkedin.com/in/divyasree-t-215319295

EDUCATION

Jeppiaar Institute of Technology, Sriperumbudur

Bachelor of Engineering - CSE

CGPA: 9.42 | 2023-2027

IIT MADRAS

Foundation of Data Science

CGPA: 7.00 | 2023-2025

TECHNICAL SKILLS

Programming Languages: Python, C

Tools and Platforms: Git, GitHub, VS Code, Netlify, Render

Frontend: HTML, CSS, JavaScript, Bootstrap, React.js

Backend: Node.js

PROJECTS

Mini CRM

Apr 26 – May 26

- Developed responsive user interfaces using React.js and integrated them with backend APIs.
- Worked with PostgreSQL database integration and deployed the application using Netlify and Render.

Web Platform for Freelancers and Recruiters

Dec 25 – Jan 26

- Developed web application features for connecting freelancers and recruiters as part of a collaborative project.
- Implemented responsive user interfaces and contributed to feature development and testing.

E-commerce Website Frontend Clone (Inspired by EasyBuy)

Sep 25 – Oct 25

- Designed and developed a responsive e-commerce user interface using HTML, CSS, and Bootstrap.
- Focused on creating reusable components and improving user experience across different screen sizes.

Employee Salary Prediction Project

Jun 25 – Jul 25

- Developed a machine learning model to predict employee salaries using Python and regression techniques.
- Built an interactive dashboard to visualize prediction results and data insights as part of a team project.

EXPERIENCE

Zophrix Private Limited

Full Stack Developer Intern

Jun 26 – Jul 26

- Developed and enhanced responsive frontend components using HTML, CSS, JavaScript, and React.js.
- Collaborated with the team to debug issues, test features, and improve application performance using Git.

Infosys Springboard

Python Intern

Dec 25 – Jan 26

- Contributed to the development of a web platform connecting freelancers and recruiters.
- Collaborated with team members to implement features and enhance application functionality.

Vault of Codes

Web Development Intern

Jul 25 – Aug 25

- Developed responsive web applications using HTML, CSS, JavaScript, and Bootstrap.
- Implemented interactive UI components and improved user experience through responsive design.

Edunet Foundation

Artificial Intelligence and Machine Learning Intern

Jun 25 – Jul 25

- Developed an employee salary prediction model using machine learning regression techniques.
- Built a dashboard to visualize prediction results and project insights as part of a collaborative team.

CERTIFICATIONS

- Python Basic Assessment, Hacker Rank
- Basics of Python, Infosys Spring Board
- Strings in Python, Infosys Spring Board
